CATEGORY ONE: Marketing

Marketing Awards are intended to recognize excellence in traditional marketing, innovative use of technology, NOI enhancement programs, and more. Of the seven options below, choose the one that best represents your program.

AWARD CATEGORIES

ADVERTISING

This includes strategic communications that advertise a shopping center or company to its target market(s). This may include efforts in a single medium or those in a multimedia series or campaign. You may also enter the advertising component(s) of a sales promotion or event, grand opening, or cause-related marketing program. This category may also showcase innovative strategies that provide in-kind contributions to the marketing budget or demonstrate effective media planning and buying that augments or maximizes a center's marketing budget.

CAUSE-RELATED MARKETING

This includes an altruistic initiative, event or program designed to positively impact a center's community and evoke change by sparking awareness & understanding. Entries whose primary goal was to raise funds or to benefit a non-profit or charitable organization must submit their entry in the Foundation Community Support Awards Category.

DIGITAL/EMERGING TECHNOLOGY

This includes strategic programs and plans that use websites, online branding campaigns, social media (blogs, social media sites) and/or mobile marketing (text messaging, mobile websites, mobile directories, etc.) to achieve brand and marketing communication goals for a shopping center or company. Programs may also include e-newsletters, email campaigns or other digital communication. Links to a live website or an FTP site should be provided as part of the entry. For website entries, a home page link and up to three additional pages should be included as part of your entry.

This encompasses a comprehensive marketing campaign intended to introduce or reposition a new, expanded, or renovated shopping center. Entries should demonstrate how strategies and tactics were linked to the center's business objectives and may include strategic plans for overall development, leasing and merchandising, revenue generation, advertising, public relations, community relations, events, and promotions.

NOI ENHANCEMENT

This includes programs and initiatives intended to generate revenue that directly enhances the net operating income (NOI) of a shopping center or company. It may include sponsorships, alliances, advertising sales, or other supplemental or non-traditional revenue sources. It may include creative or innovative leasing and/or specialty leasing programs, including targeted tenant retention efforts. This category may also include unique examples of operational efficiencies or other cost-saving measures that resulted in expense reduction and/or increased revenue for the shopping center owner. While NOI enhancement is important, successful programs in this category will demonstrate an innovative approach executed within brand standards that include ownership quality expectations and overall strategic decision-making.

PUBLIC RELATIONS

This includes a planned public relations program or initiative intended to primarily benefit the commercial interests of a shopping center or company. Such efforts should promote an understanding of or goodwill toward a shopping center or company or be designed to influence public opinion in ways serving a commercial interest. Examples may include efforts to obtain positive publicity, the handling of negative publicity, crisis management or crisis prevention, government relations, and initiatives directed to key external or internal groups or persons such as clients, tenants, shareholders, or analysts. Entries may also include internally directed initiatives such as professional development, incentive or recognition programs, conferences and employee intranets, newsletters, magazines, or videos.

This may include efforts that target buyer conversion, shopping frequency, relative draw, or market share. It may also include more comprehensive initiatives such as tourism marketing and customer loyalty programs. JUDGING CRITERIA

Entries may receive a total potential score of up to fifty points. All judges use the same guidelines to assess the strength of the program; please consider this information while preparing your submission. Entries are scored based on the following criteria:

GOALS (UP TO 10 POINTS)

This fundamental area addresses the appropriate use of research, formulation of overall marketing rationale, and the ability to realistically achieve stated measurable objectives.

ACTION (UP TO 10 POINTS)

This area measures the degree to which the program supported its original objectives and the level of competence and proficiency demonstrated in execution.

INNOVATION (UP TO 10 POINTS)

Innovation relates to developing an original concept or devising a creative approach to a familiar program, marketing effort or business need.

RESULTS (UP TO 10 POINTS)

The results reveal how competently the program actions were measured, documented and reported, and the degree to which they supported the program's stated objectives.

BUDGET (UP TO 10 POINTS)

Budget evaluation is essential for proper allocation of resources within the overall marketing plan. Cost effectiveness evaluates the appropriateness with which center/company funds were spent in achieving stated objectives. Essentially, this assesses if the right resources were invested in the right efforts to generate the best possible results.

The Description of Entry will be available for viewing by the judges (max. 700 characters including spaces)

IMAGES FOR AWARDS PRESENTATION

SUMMARY

The Entry Summary is basically the Marketing Plan for the entry.

- The Summary is limited to four one-page sections for each category element: goals, action, results, budget. Please limit your response to (max. 2,100 characters including spaces).
- Your Summary facilitates the judges' review by providing an easy-to-read entry; we recommend using bullet points rather than narrative paragraphs.

Goals

Provide background information on what inspired you to create and implement the program or project. Discuss unique problems or opportunities that influenced your goals, strategies, and tactics. Highlight key points.

Action

Give a detailed description of the "action" (something performed or done) that occurred due to the campaign/efforts of your shopping center or company. Highlight key points.

Results

Results should be specific and quantitative and relate to your specific goals, strategies, and tactics. Show documented facts resulting from the implementation. Post sales gains as percentages, defined as either comparable sales or total sales, and include the period of measurement (where possible, show actual numbers on which percentages are based). You may also include traffic counts. Publicity results should be shown in actual time and space received only and not as estimated or explained using any formula-derived values. Entrants are required to provide a publicity summary in their documentation section, which can be summarized in your results page if publicity samples are provided. Your results should reflect the integrity intended in the ethics statement on your Entrant Form. Providing return on investment (ROI) data is suggested for entries submitted in sales promotion and business-to-business. ROI demonstrates the dollar-to-dollar return that is achieved from your efforts and the resources invested. NOI enhancement results should be stated as a percent improvement over prior reporting time frame.

Budget

A one-page detailed list (in an Adobe PDF or Microsoft Word document) of dollars spent to implement your plan. Itemize all expenses, including primary and secondary expenses. This should include all production, media and labor costs, fees, services, and incidentals. List donated expenses separately and do not include with actual expense totals. Explanation should accompany any unusual cost savings or efficiencies. For joint campaigns, indicate costs for each participant. Sponsorship funds received should not be subtracted from total expenses when calculating the percentage of budget allocated. Please include all creative fees and agency retainers in your expense summary.

Note: *You must show expenses as a percentage of your total annual marketing budget in the field provided. Failure to do so may negatively affect the entry's score. For NOI enhancement entries, show expenses as a percent to total budget impacted. If no dollars were spent, please indicate it on this page.*

DOCUMENTATION SECTION

Include one digital file (Word document or PDF) with up to 25 pages of information related to your entry. The first page of the file must be a table of contents that indicates each section's beginning page number. The file should contain summaries of:

If your entry is a Web-based program, you are encouraged to use your Print Screen button to copy and paste Web pages into your Documentation Section.
